## **The Bibliography of Appalachia: More Than 4,700 Books, Articles, Monographs and Dissertations, Topically Arranged and Indexed (Contributions to Southern Appalachian Studies) Jr. John R. Burch**

The Appalachian Mountains are home to many myths and stereotypes, but they are also the focus of intense academic interest. This bibliography of books, articles, monographs, and dissertations features more than 4,700 entries, divided into twenty-four subject areas such as activism and protest; Appalachian Studies; arts and crafts; community culture and folklife; education; environment; ethnicity, race and identity; health and medicine; media and stereotypes; recreation and tourism; religion; and women and gender. The region is defined as including all or portions of New York, Pennsylvania, Ohio, Maryland, West Virginia, Kentucky, Virginia, North Carolina, Tennessee, South Carolina, Mississippi, Alabama, and Georgia. Two indexes--one of authors, compilers, editors and interviewers, the other of subjects--conclude the bibliography.
