**Peter spent the last five years in the South of America and he loved it there.** He loved the eternal sunshine and warm weather that he experienced there, but all good things come to an end and he finds himself being sent back to London.

When Peter arrives in London he is sure that it will only be a short stint until he is relocated somewhere else, or at least that's what he's hoping. He joined the army to explore the world and find once in a lifetime experiences, not to sit around in a grungy inn during a cold and wet winter's night.

Peter finds himself surprised, however, when a girl from the inn catches his eye. At first he is sure that he has never hated a girl more in his life, but when their paths keep crossing and he realizes that **she stands for everything that he had ever believed in**, he realizes that perhaps London might have more to offer than rainy days and frosty night.

**WARNING:** This ebook contains mature themes and language. Intended for 18+ readers only.
