A captured Raider officer, eager to secure his freedom, informs Space Command Intelligence of a planned attack on a convoy by a massive Raider armada. An effective spotter network and intelligence system usually allows the pirates to avoid SC warships, so for the first time in Galactic Alliance history, a task force of Space Command warships might have an opportunity to engage a fleet of pirate ships in mortal combat.

The Space Command Admiral at Higgins SCB pulls out all stops to surreptitiously assemble a force of ten ships, the most that can be secretly diverted, to face off against the Raider ambushers. One of those ships happens to be the Prometheus. Jenetta Carver, the newest Lt. Commander in Space Command, on her way to Earth for a medal ceremony for acts of outstanding valor, finds herself again caught up in a life or death situation.

The Prometheus arrives at the rendezvous point, a month from Higgins SC Base, to await the arrival of the other ships, and a call for help from the convoy. Only two other ships have reached the RP when the convoy is attacked. Captain Gavin of the Prometheus, in his capacity as task force commander, decides that they can't wait for the others, so the three SC warships race off to face a Raider warship force they expect will number forty plus.
