Liberty & Law: Culture, Court, and Consent of the Governed

George E. Ward

Liberty & Law: Culture, Court, and Consent of the Governed George E. Ward

Though Liberty & Law was written before the September 11th attack on our country, Ward's concern about the relationship between FREEDOM and LAW is now every American's concern. As Congress ponders how best to tighten-up home and security, Ward reminds us that freedom has never been unlimited. The limiting principle, says Ward, is legislative judgement within the framework of a written constitution. When properly balanced, Ward argues, everyone benefits: "The small sacrifice which liberty makes to the rule of law is more than repaid by the greater scope of practical freedom which personal security gives to all." Supreme Court rulings discussed in this book will likely be the basis for many of the new measures to emerge from Congress.
