Caesar's Gallic Wars: 58-50 BC (Essential Histories series Book 43) C M Gilliver

Julius Caesar was one of the most ambitious and successful politicians of the late Roman Republic and his short but bloody conquest of the Celtic tribes led to the establishment of the Roman province of Gaul (modern France).

Caesar's commentaries on his Gallic Wars provide us with the most detailed surviving eyewitness account of a campaign from antiquity. Kate Gilliver makes use of this account and other surviving evidence to consider the importance of the Gallic Wars in the context of the collapse of the Roman Republic and its slide toward civil war.

The Osprey Guide To... series is a reworking of the popular Essential Histories series, now available as non-illustrated eBooks at a fantastic low price.

The maps and text remain the same, giving a strong historical overview of some of the most important conflicts and theatres of war from the ancient world through to modern times.
