## **Garden Room Style** Peter Marston

With elements from both indoors and out, a garden room serves as a link between house and garden. No longer limited to the Victorian-style sun room, these glassed-in spaces can be kitchens or dining rooms, studios, small studies or garden retreats, even entire homes-in short, virtually any area that receives plenty of natural light.

Starting with background information on the evolution of glass rooms and the basic elements of the style, the book examines each variation on the successful garden room. Chapters cover the effect of the garden outside, color, entertaining, wicker, and other furniture, pools and fountains, antiques and statuary. The more technical considerations of wall and floor finishes, heating and lighting, rugs and blinds-and of course, planting under glass-are all discussed in detail for a well-considered room.

Filled with inspiring color photographs of relaxed interiors, *Garden Room Style* is a sumptuous guide and idea book for everyone who has a sunny, light-filled haven-and is a vivid wish book for readers planning for the future.

### From reader reviews:

#### **Peter White:**

Exactly why? Because this Garden Room Style is an unordinary book that the inside of the reserve waiting for you to snap the item but latter it will jolt you with the secret this inside. Reading this book adjacent to it was fantastic author who write the book in such wonderful way makes the content on the inside easier to understand, entertaining technique but still convey the meaning thoroughly. So , it is good for you because of not hesitating having this nowadays or you going to regret it. This excellent book will give you a lot of positive aspects than the other book have got such as help improving your ability and your critical thinking way. So , still want to hesitate having that book? If I had been you I will go to the guide store hurriedly.

#### **Paul Simpson:**

Is it you actually who having spare time subsequently spend it whole day through watching television programs or just lying on the bed? Do you need something new? This Garden Room Style can be the respond to, oh how comes? A book you know. You are consequently out of date, spending your free time by reading in this fresh era is common not a nerd activity. So what these guides have than the others?

#### **Stanley Rivas:**

As a college student exactly feel bored for you to reading. If their teacher asked them to go to the library or make summary for some guide, they are complained. Just small students that has reading's heart or real their pastime. They just do what the educator want, like asked to go to the library. They go to right now there but nothing reading significantly. Any students feel that reading through is not important, boring and also can't see colorful pictures on there. Yeah, it is to get complicated. Book is very important in your case. As we know that on this period of time, many ways to get whatever we wish. Likewise word says, ways to reach Chinese's country. So , this Garden Room Style can make you really feel more interested to read.

#### **Amy Quist:**

Reserve is one of source of understanding. We can add our knowledge from it. Not only for students but in addition native or citizen require book to know the revise information of year to year. As we know those books have many advantages. Beside we add our knowledge, could also bring us to around the world. By book Garden Room Style we can acquire more advantage. Don't that you be creative people? To be creative person must want to read a book. Simply choose the best book that suited with your aim. Don't end up being doubt to change your life by this book Garden Room Style. You can more inviting than now.
