## **Hannibal TV Series Season One Episode Guide** James Donaghy

NBC's TV series Hannibal took on the thankless task of beating some life back into the ailing psycho psychiatrist Hannibal Lecter. How could you possibly improve on Anthony Hopkins' performance in Silence of the Lambs? Who could trump Brian Cox's subtle mastery in Manhunter? And did it really matter after Hannibal Rising?

The answer came in the form of a stunning turn from great Dane Mads Mikkelsen as the doc gone bad in a show where existential crisis met haute cuisine on a bed of fear and crushed dreams. Socially awkward empath Special Agent Will Graham is Hannibal's foil as he struggles with a parade of deranged grotesques yammering into a godless void, killing for company and mutilating for art.

TV critic James Donaghy is your guide through the first season's deadly descent into the abyss. All the food, slaughter and psychotherapy you can handle laid bare for your consumption.
