**Archetype, Attachment, Analysis: Jungian Psychology and the Emergent Mind** Jean Knox

*Archetype, Attachment, Analysis* is a well-researched presentation of new material that offers a revision and reinterpretation of Jung's archetypal hypothesis. The author's ground breaking new exploration of expanding knowledge from other disciplines such as cognitive science and developmental psychology, and attachment theory and research evidence sheds important new light on Jungian theory and practice.

Using information gathered through laboratory investigations and natural observational studies Jean Knox brings the notion of archetypes up to date and considers the implications of new paradigms for clinical work with patients. This book will become essential reading for all professionals and students of analytical psychology.
