Einstein Gravity in a Nutshell A. Zee

This unique textbook provides an accessible introduction to Einstein's general theory of relativity, a subject of breathtaking beauty and supreme importance in physics. With his trademark blend of wit and incisiveness, A. Zee guides readers from the fundamentals of Newtonian mechanics to the most exciting frontiers of research today, including de Sitter and anti-de Sitter spacetimes, Kaluza-Klein theory, and brane worlds. Unlike other books on Einstein gravity, this book emphasizes the action principle and group theory as guides in constructing physical theories. Zee treats various topics in a spiral style that is easy on beginners, and includes anecdotes from the history of physics that will appeal to students and experts alike. He takes a friendly approach to the required mathematics, yet does not shy away from more advanced mathematical topics such as differential forms. The extensive discussion of black holes includes rotating and extremal black holes and Hawking radiation. The ideal textbook for undergraduate and graduate students, *Einstein Gravity in a Nutshell* also provides an essential resource for professional physicists and is accessible to anyone familiar with classical mechanics and electromagnetism. It features numerous exercises as well as detailed appendices covering a multitude of topics not readily found elsewhere.

- Provides an accessible introduction to Einstein's general theory of relativity
- Guides readers from Newtonian mechanics to the frontiers of modern research
- Emphasizes symmetry and the Einstein-Hilbert action
- Covers topics not found in standard textbooks on Einstein gravity
- Includes interesting historical asides
- Features numerous exercises and detailed appendices
- Ideal for students, physicists, and scientifically minded lay readers
- Solutions manual (available only to teachers)

From reader reviews:

Jose Higham:

Why don't make it to be your habit? Right now, try to ready your time to do the important work, like looking for your favorite reserve and reading a book. Beside you can solve your condition; you can add your knowledge by the reserve entitled Einstein Gravity in a Nutshell. Try to make book Einstein Gravity in a Nutshell as your close friend. It means that it can to become your friend when you feel alone and beside those of course make you smarter than previously. Yeah, it is very fortuned for you personally. The book makes you considerably more confidence because you can know anything by the book. So , we should make new experience along with knowledge with this book.

Marilyn Perez:

Book will be written, printed, or descriptive for everything. You can learn everything you want by a guide. Book has a different type. To be sure that book is important point to bring us around the world. Beside that you can your reading skill was fluently. A e-book Einstein Gravity in a Nutshell will make you to end up being smarter. You can feel a lot more confidence if you can know about almost everything. But some of you think this open or reading a new book make you bored. It is not make you fun. Why they can be thought like that? Have you trying to find best book or appropriate book with you?

Maryann Warren:

Reading a guide can be one of a lot of pastime that everyone in the world loves. Do you like reading book so. There are a lot of reasons why people enjoy it. First reading a publication will give you a lot of new details. When you read a e-book you will get new information since book is one of many ways to share the information or their idea. Second, studying a book will make an individual more imaginative. When you examining a book especially fictional works book the author will bring one to imagine the story how the people do it anything. Third, you are able to share your knowledge to some others. When you read this Einstein Gravity in a Nutshell, you may tells your family, friends as well as soon about yours reserve. Your knowledge can inspire average, make them reading a e-book.

Linda Justice:

The book with title Einstein Gravity in a Nutshell has lot of information that you can study it. You can get a lot of help after read this book. This kind of book exist new information the information that exist in this publication represented the condition of the world now. That is important to yo7u to be aware of how the improvement of the world. This kind of book will bring you within new era of the glowbal growth. You can read the e-book with your smart phone, so you can read the item anywhere you want.
