Heart and Lung Transplantation, 2e William A. Baumgartner MD, Bruce A. Reitz MD, Edward Kasper MD, James Theodore MD, Edward Kasper, James Theodore

An excellent resource for practitioners who participate in the care of transplant patients, this comprehensive new second edition covers all aspects of heart and lung transplantation. Each area of the field is fully addressed, with documentation and practical points for patient management provided throughout. An especially notable feature of this new edition is the greatly expanded coverage of lung transplantation, with chapters on living related lung transplantation, lung pathology, and more.
