Three Great Men of Rome: Caesar, Brutus, and Antony Lucius Plutarch, Rosalie Kaufman

Originally published in 1884 as portions of the author's larger "Our Young Folks' Plutarch" (an abridgment and simplification of biographies written by Plutarch), this Kindle edition, equivalent in length to a physical book of approximately 40 pages, recounts, in simple language, the lives of Julius Caesar, Marcus Brutus, and Mark Antony.

Sample passage:

Then, although the Romans were displeased because Caesar boasted of having destroyed the children and family of Pompey, one of the greatest of their statesmen, they were so tired of war that they made him dictator for life, hoping that the government of a single person would bring them peace. He was called the "Father of his country," and flattery poured in upon him from all sides, for even his enemies paid him compliments now, when his conduct was all that even they could desire. For he not only pardoned those that had fought against him in the field, but on some of them he bestowed honors. Among these were the two praetors Brutus and Cassius.

When his friends proposed that he should have a bodyguard, he refused, saying that he would try to gain the affection of the people, which would be the best and surest guard he could possibly have. So he did everything to please them, and in order to gain favor with the army he sent colonies to people and rebuild Carthage, Corinth, and other places that he had destroyed.
