"The most piercing and compelling narrative of a deal to date." - The Boston Globe. A bestseller on the New York Times Bestseller List for over 6 months in 1991 is the gripping account of the frenzy that overtook Wall street in October & November of 1988, a story of deal makers and publicity flaks, of strategy meetings and society dinners, of boardrooms and bedrooms, giving the reader not only the almost unprecedented detailed look at how financial operations at the highest levels are conducted but also a richly textured social history of wealth at the twilight of the Reagan era. A must-read for anyone interested in the way the financial world really works. We ship within 24 hours of your purchase with a Delivery Confirmation.
