3 Tales Told by Idiots A. H. Kraft

A not-too-bright man fails to realize that the woman who seems so friendly and invites him to her room is, in fact, a prostitute. A man who thinks he is brilliant plans to murder his wife. Everything that can go wrong does go wrong. A naive man doesn't want to learn psychology from a textbook; he wants to experience everything. When his class studies sado-masochism, he hires a woman intending to participate in the real thing.
