Creative Expression and Play in Early Childhood Joan P. Isenberg, Mary Renck Jalongo

This text shows how the natural creative expression and play of children can be channelled to foster the learning and growth of each individual child. The book explores the nature, development and importance of children's play, suggesting many ways in which it may be fostered and encouraged by adults who work with young children. The aim of the book is to help readers design and implement self-expressive activities focusing on the process of creative expression, showing how to nurture that process, rather than providing a ready-made repertoire of activities and materials.
