Multipurpose Tools for Bible Study, [With CDROM]

Frederick W. Danker

Multipurpose Tools for Bible Study, [With CDROM] Frederick W. Danker

Danker's indispensable volume, available since 1993 in a revised and expanded edition, has served for 40 years as the reliable guide for students and scholars to the foundational texts of biblical study: concordances, primary Hebrew and Greek texts, grammars and lexicons, Bible dictionaries and versions, commentaries, and a host of contextual tools for studying the world of the Bible and the Dead Sea Scrolls. Now the volume will also include a CD-ROM, powered by the Libronix Digital Library System, making this work more convenient to use, easily searchable, and ready for notetaking, highlighting, bookmarking, and use with a word processor. The CD-ROM will also include some updated bibliography and Weblinks to related material.
