Excerpt from the Preface: 'The whole of these Sketches were written and published, one by one, when I was a very young man. They were collected and republished while I was still a very young man; and sent into the world with all their imperfections (a good many) on their heads. They comprise my first attempts at authorship—with the exception of certain tragedies achieved at the mature age of eight or ten, and represented with great applause to overflowing nurseries. I am conscious of their often being extremely crude and ill-considered, and bearing obvious marks of haste and inexperience; particularly in that section of the present volume which is comprised under the general head of Tales.' --Charles Dickens
