The Cubans: The History of Cuba in One Lesson Carlos Alberto Montaner

The Cubans: The History of Cuba in One Lesson is a journey through the history of Cuba, quick but not superficial, with an emphasis on the international circumstances that increasingly shaped the events of the country. The book also explains how and why the Cuban Revolution happened. In the last two chapters, the author ventures to predict what might be the fate of the nation at the beginning of the inevitable transition to democracy in the political arena, and to common sense in the economic field.
