Using online exercises and realistic case scenarios, this course brings community and public health situations to life and provides you with opportunities to improve decision-making and critical thinking skills. Learning activities use a variety of engaging exercises to test your knowledge and critical thinking skills. Fourteen modules are included, each with an introduction, learning objectives, a reading assignment, case scenarios with multiple learning activities, module quizzes, and critical thinking exercises.

- **Real-life scenarios, photos, and video** provide a realistic portrayal of the roles and responsibilities of a community/public health nurse.
- **Client scenarios** present situations involving individuals and groups of various ages and socioeconomic backgrounds to give you a better understanding of the types of clients that a nurse encounters in community settings.
- **Web links** offer you opportunities for further research.
- **Learning activities** use a variety of engaging exercises such as matching, multiple choice, and short answer to test your content knowledge and critical thinking skills.
- **Immediate feedback** on all activities reinforces learning and helps you master course content.
- **Module quizzes** evaluate your knowledge of the content and reinforce classroom assignments.
- **NEW! Reading assignments** tie online learning modules to specific areas of the text.
