The Professional Wrestling Book Of Lists Stuart Carapola

Everyone loves a good list, and wrestling fans are no different. The Book Of Professional Wrestling Lists approaches the list format from a bit of a different (or as I like to say, completely skewed) perspective, answering questions most people don't even think to ask.

Who are the best wrestlers to never hold a World Title in any company? What dream matches did wrestling fans want to see for years that ended up being really bad when they finally happened? What were the most embarrassing losses in wrestling history? Who were the worst champions of all time?

The answers to these questions are all completely subjective, and they're all in here!
