The Omega and the Three Bears: (MMM/M Paranormal Shifter Romance) Simon Strange

**The Omegas are the bedrock of a healthy pack, bound by magic and addiction to the Alpha, enslaved to the carnal hunger of Wolves, and unable to survive on their own...**

Breaking thousands of years of tradition and pack law, Omega wolf Brent Boyden has done the unthinkable--attacked his Alpha and fled the confines of a rabid, abusive pack. When he throws himself on the mercy of a roadhouse full of Bears, starving and dehydrated from his mad dash across Wyoming's Red Desert, he half expects them to throw him back to the Wolves.

But although Big Jim, unofficial boss of the Red Desert Clan, instead offers the young wolf sanctuary there is no guarantee it will keep Brent out of the clutches of a furious Alpha or, for that matter, to keep him alive even if the Red Desert Clan *can* protect him.

As Brent prepares for the worst, he becomes entangled with a young bear named Jessie, the charming flirt Pike, and Big Jim himself in a burning web of desire and the unexpected consequences of giving himself to the bears. The discovery soothes his lifelong wounds and offers the potential for a new, better life--however doomed it may ultimately be.

Even the love of three Bears might not be enough to save Brent from his fate though; with or without them, in the end he may have to summon the strength to save himself...
