## Cultural Meanings of News: A Text-Reader

What is news? What does news tell us about the culture and the society that produces and consumes it? This book provides a fresh examination of news production from a cultural perspective, moving beyond what was once called "sociology of news" and toward the globally-broader, culturally-based concept of "journalism studies."

### Key Features

- **Twenty-three original and contemporary articles**?encompassing the intrinsic cultures of print, broadcast, and online media?are grouped in **six thematically cohesive sets**.
- The articles are **presented chronologically** to allow the reader to follow the exchange of ideas between authors over time.
- Berkowitz looks at news **globally**, helping the student look beyond his or her own cultural context to that of many other societies.
- **A comprehensive framework** helps to thoughtfully present this cultural study of news. Berkowitz opens and closes the text with a cultural perspective on news and hints on applying this perspective to emerging news situations; each section also contains an introduction that highlight connections between the articles.
