In this final volume of the internationally celebrated MaddAddam trilogy, the Waterless Flood pandemic has wiped out most of the population. Toby is part of a small band of survivors, along with the Children of Crake: the gentle, bioengineered quasi-human species who will inherit this new earth.

As Toby explains their origins to the curious Crakers, her tales cohere into a luminous oral history that sets down humanity's past—and points toward its future. Blending action, humor, romance, and an imagination at once dazzlingly inventive and grounded in a recognizable world, *MaddAddam* is vintage Atwood—a moving and dramatic conclusion to her epic work of speculative fiction.
