Loom Bands 101 - Instruction Book For 3 Loom Band Finger Patterns

Loom Band knitting is a hot craft for children and adults at the moment. Everyone enjoys being able to make their own jewelry and accessories such as rings, anklets, bracelets, chokers, wrist-bands, ear-rings, head-bands, belts, key-chains, charms and other patterns from brightly colored rubber bands. Some people even go crazy and make phone cases and clothing such as the person who put a loom-band dress made from 24,000 loom bands on eBay where bidding reached six-figures!

It's not always possible to have access to an actual loom and even if you do have some looms, there are often more children than looms such as at parties and sleep-overs. Also, when you buy a bag of loom bands it comes with a hook and clips but not a loom, so a popular alternative is to **use your fingers as a loom-substitute and make your own creations by hand on your fingers!**

You can make many different designs and patterns **using just your fingers**. In this book we'll teach you how to make three basic patterns just from loom band rubber bands... fishtail, inverted fishtail and dragonscale.

You can use whatever colours you like to make designs from mono-chrome to rainbow! Anyone will be able to follow our simple, **step-by-step tutorial guides with many photos** and start making their own loom band creations within minutes... without a loom!

When the pattern reaches the desired length, you can either connect the ends to form a ring, bracelet, headband or belt depending on the length, or connect multiple lengths side-to-side to form a shape.

This easy-to-follow instruction book features 66 colour pictures and text explanations to get you making the three different finger patterns and **creating your own loom band jewelry within minutes!**

Note: we do not include designs or patterns that use a loom in this book.
